Original Product Type Certificate Number: 2H1

Make Bell

Model 47J, 47J2, 47J2A, 47K

Description of Type Design Change: Installation of a Jasco Alternator Part No. 7555-1 24-volt system per FAA Approved Skytronics, Inc. Top Drawing 30162H1, Revision "A" or later FAA approved revision.

Limitations and Conditions: The approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. The approval of this modification applies to the above noted aircraft model(s) series only. A copy of this STC must be included in the permanent records of the modified aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
