

Supplemental Type Certificate

Number SE5203NM

This certificate, issued to **Fly In Vacations**
6395 Parkhill Road
Santa Margarita, California 93453

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 33 of the Federal Aviation Regulations.*

*Certification basis is set forth in Type Certificate Data Sheet 1E10

Original Product—Type Certificate Number: 1E10
Make: Lycoming Engines
Model: IO-360-C1D6

Description of the Type Design Change:

Installation of turbocharger and induction air intercooler in accordance with "Drawing List Report No. 1" Dated August 20, 1990, or later FAA approved revision.

Limitations and Conditions:

Approval of this change in type design applies to the above engine model only. This approval should not be extended to engines of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that engine.

A copy of this Certificate must be maintained as part of the permanent records for this engine.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 8, 1988

Date reissued: June 2, 2014

Date of issuance: February 2, 1991

Date amended:

By direction of the Administrator

Todd Dixon (Signature)
