Number SA125SO

This certificate issued to RAYJAY Parts LLC
10 Harbor Island Drive
Key Largo, Florida 33037

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the Federal Aviation Regulations* * CAR 3 effective Nov. 1, 1949, as amended to May 16, 1953.

Original Product - Type Certificate Number: 1A8

Make : Helio

Model: H395

Description of Type Design Change: Installation of Turbocharged Lycoming GO-480-G1D6 engine (STC SE124SO) per FAA approved Roto-Master (Rajay/Riley Aeronautics Corporation) Drawing List No. R0014. FAA approved flight manual supplement, dated 3/19/65 or later FAA approved revision and Turbo 1300 Owner's Manual required with this installation.

Limitations and Conditions: The approval of this change in type design applied basically to the H-395 only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
