Bellevue, WA 98006**

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A16WE
Make: Boeing
Model: 737-300/-400/-500/-600/-700/-800/-900/900ER

Description of the Type Design Change: Installation of Sliding Carpet Cargo Loading System in the cargo compartment in accordance with Telair Scandinavian Bellyloading® Drawing List/Report List Number STC/003-0C, Issue Number 17, dated July 9, 2007, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval does not include electrical provisions for the installation of the Sliding Carpet Loading System in the Boeing Model 737-600/-700/-800/-900/-900ER cargo compartments. The electrical provisions for the installations of the Sliding Carpet Loading System in the Boeing Model 737-600/-700/-800/-900/-900ER cargo compartments are included in a separate Supplemental Type Certificate (STC). This STC approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate, or later FAA approved revision, must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
