

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number ST02409CH-D

This certificate issued to

navAero Inc.
100 North Biscayne Boulevard, Suite 1400
Miami, FL 33132

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product - Type Certificate Number:

A6WE

Make:

McDonnell Douglas Corporation

Model:

DC-9-82(MD-82), DC-9-83(MD-83), DC-9-87(MD-87)

Description of Type Design Change:

Installation of system provisions for Dual navAero t BagC2² electronic flight bags (Class 2 EFB) in accordance with US Technical Master Drawing List 4696-23-000, Revision "F", dated August 13, 2007 or later FAA approved revision.

Limitations and Conditions:

1. Compatibility of this design change with previously approved modifications must be determined by the installer.
2. FAA approved Flight Manual Supplement, U.S. Technical Document number U10-0163, Revision "NC", dated November 06, 2007 or later FAA approved revision is required on board the aircraft.
3. The system provisions, approved under this STC, interface with a navAero t BagC2² EFB device only. Installation and use of the EFB device will require additional FAA evaluation and approval.
4. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 09, 2007

Date reissued: December 5, 2007; July 30, 2010;
February 14, 2011

Date of issuance: November 06, 2007

Date amended:

By direction of the Administrator
