

United States of America  
Department of Transportation — Federal Aviation Administration  
**Supplemental Type Certificate**

*Number* SA19PC

*This certificate, issued to* Pacific Missionary Aviation  
Box 339  
Yap, W. Caroline Islands 96943

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations* dated February 1, 1965 as amended by 23-1 through 23-6

*Original Product — Type Certificate Number:* A17CE  
*Make:* Evangel - Air  
*Model:* 4500-300 Series II

*Description of Type Design Change:*

Installation of fuselage cutout and supporting structure for aerial camera in accordance with King's engineering drawing number 4508-0000.

*Limitations and Conditions:*

The approval of this change in type design applied basically to standard Model 4500-300 aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

*Date of application* August 8, 1975

*Date reissued*

*Date of issuance* December 12, 1975

*Date amended*

*By direction of the Administrator*
