Supplemental Type Certificate

Number SA2436CE

This certificate, issued to Wilco, Inc.
3502 West Harry
Wichita, KS 67213

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified herein meets the airworthiness requirements of Part 3 of the Civil Air Regulations, effective May 15, 1956, as amended in the TCDS.

Original Product — Type Certificate Number: A7CE
Make: Cessna
Model: 425

Description of Type Design Change: Modify the battery box and replace the nickel-cadmium battery with a Concorde CB24-380E lead acid battery. Data Required:
(1) Wilco, Inc. Drawing List W425110 dated October 28, 1988, stamped "FAA Approved." (2) FAA approved Pilot Operating Handbook/Airplane Flight Manual Supplement dated November 10, 1988, or later FAA approved revision to (1) or (2).

Limitations and Conditions: This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated, unless it is determined that the inter-relationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 26, 1988

Date issued:

Date of issuance: November 10, 1988

Date amended:

By direction of the Administrator
