Original Product Type Certificate Number: A16WE

Make: Boeing

Model: 737-130

Description of Type Design Change: Installation of Canadian Marconi CMA-923 Flight Advisory Computer in the cockpit on the forward pedestal in accordance with United Air Lines, DAS-1-WE, Approved Drawing List 2701, dated June 25, 1986, or later FAA approved revisions.

Limitations and Conditions: The approval does not extend to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. Approved Flight Manual Supplement dated June 24, 1986 applies to this modification. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
