Supplemental Type Certificate

Number: ST04265AT

This certificate issued to: Quiet Technology Aerospace
4100 N 29th Terrace
Hollywood, FL 33020

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 14 CFR of the Federal Aviation Regulations.

Original Product – Type Certificate Number: A3EU **Make:** Beechcraft Corporation
Model: Hawker 1000

Description of Type Design Change:

Replacement of the inner aluminum barrel of the engine inlet cowl, with an inlet barrel of carbon graphite sandwich construction, in accordance with QTA Assembly Procedure, Report # QTA-6107, Rev. IR, dated May 12, 2016, Instructions for Continued Airworthiness, Report # QTA-6105, Rev. IR, September 30, 2015, and Structural Repair Manual Report # QTA-6106, Rev. IR, dated May 12, 2016, or later FAA approved revisions.

Limitations and Conditions:

- 1) Compatibility of this design change with previously approved modifications must be determined by the installer.
- 2) A copy of this certificate must be maintained as part of the permanent records for the modified aircraft.
- 3) If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: Dec 22, 2015

Date Reissued:

Date of Issuance: June 9, 2016

Date Amended:

By Direction of the Administrator

Atlanta Aircraft Certification Office

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
