Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA01259AT-D

This certificate issued to FFC Manufacturing
4010 Pilot Dr., Suite 103
Memphis, TN 38118

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product -- Type Certificate Number: A26CE

Make: Beech

Model: T-34C

Description of Type Design Change: Installation of left hand and right hand box section fuel cell assemblies in accordance with FFC Manufacturing Master Document list, Engineering Report 01-2810-028, or later FAA approved revision.

Limitations and Conditions: This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effects upon the airworthiness of the aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

(See continuation 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 22, 1996

Date reissued: July 31, 2002; April 29, 2009

Date of issuance: February 03, 1997

Date amended: October 01, 2002

By direction of the Administrator
