

Supplemental Type Certificate

Number ST00327SE

This certificate, issued to FLIGHT STRUCTURES, INC.
4407 172nd Street NE
Arlington, WA 98223

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A1NM
Make: Boeing
Model: 767-300 Series

Description of the Type Design Change:

Installation of a SATCOM equipment access panel in the aft lower lobe cargo compartment in accordance with Flight Structures, Inc. Master Drawing List 95FS541-D01, Revision C, dated April 1, 1996, or later FAA approved revisions.

Limitations and Conditions: The approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of the aircraft. A copy of this Certificate and Flight Structures, Inc. Master Drawing List 95FS541-D01 must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application August 8, 1995
Date of issuance: April 16, 1996

Date reissued:
Date amended:
