

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number ST09614SC

This Certificate issued to Anderson Aviation, L.L.C.,
a Missouri Limited Liability Company
1401 Armour Road
North Kansas City, MO 64116

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product Type Certificate Number: A5EU
Make: British Aerospace
Model: 1-11 422/EQ

Description of Type Design Change:

Reduction in aircraft maximum certificated weight to 74,990 pounds. FAA-approved Flight Manual Supplement Number AF119-1A, dated December 20, 1999, or later FAA approved revision is required.

Limitations and Conditions:

This STC is limited to BAC 1-11 422, Serial Number 119 and Registration Number N789CF. Any increase in the maximum certificated weight will require an evaluation of compliance with Stage III Noise requirements in accordance with FAR 91.851. Compatibility of this design change with previously approved modifications must be determined by the installer

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 20, 1999

Date reissued: January 20, 2000

Date of issuance: December 22, 1999

Date amended:
