

Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SE2734CE

This certificate, issued to Air Sports Inc.
 Rt 2 Box 132
 Marshfield, MO 65706

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 13 of the Civil Air Regulations.

Original Product — Type Certificate Number: E-252
Make: Continental
Model: C90, O-200-A

Description of Type Design Change: Continental part number (P/N) 530182, crankshaft is being replaced with crankshaft (P/N) AS530182 obtained by modification of Continental PC-60 (Pakette) engine crankshaft in accordance with Drawing List No. AS530182 dated June 28, 1991, or later FAA approved revisions.

Limitations and Conditions: This approval should not be extended to other engines of these models that incorporate any other previously approved modifications, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the engines.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 6, 1991

Date received:

Date of issuance: June 28, 1991

Date amended:

By direction of the Administrator
