This certificate, issued to WEYERHAEUSER COMPANY

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 6 of the Civil Air Regulations, Dated December 20, 1956, With Amendments 6-1 through 6-4.

Original Product — Type Certificate Number: H25W
Make: Bell
Model: 206A and 206B

Description of Type Design Change: Installation of Pacific Forest Research Center (P.F.R.C.) Mark II Aerial Ignition System in accordance with the P.F.R.C. Installation Instructions as described in Part II (Page 14) of Document BC-X-167.

NOTE: The dispenser is approved for operation from the right rear door of a Bell 206 Jet Ranger in the RESTRICTED CATEGORY in accordance with the published OPERATING LIMITATIONS: PFRC Aerial Ignition System device will be dispensed ONLY into forest land owned or managed by Weyerhaeuser Company.

Limitations and Conditions: Approval of this change in type design applies basically to the above model helicopter only. This approval should not be extended to other helicopters of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that helicopter. A copy of this Certificate and the Restricted Category Operating Limitations shall be maintained as part of the permanent records for the modified helicopter.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 18, 1977
