IMPORT

Number **ST02202NY**

Date of Issuance: January 4, 2006

Limitations and Conditions (Continued):

2. **Certification Basis:**
Based on 14 CFR §§ 21.115 and 21.101, and the FAA Order 8110.48, the certification basis for the Airbus A320 modification is the same as the type certification basis for Airbus A320 airplane as shown on TCDS A28NM for parts **changed or affected**.
3. This modification has been evaluated in accordance with AC120-42A, paragraph (8). This installation has no adverse effect on the previously approved ETOPS capability of the type-certificated aircraft. This finding does not constitute approval to conduct extended range operations.
4. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.
5. Compatibility of this design change with previously approved modifications must be determined by the installer.

Service and Operating Information:

Service and repair instructions (bulletins, letters, etc.), the structural repair manual, aircraft flight manual and overhaul and maintenance manuals which contain a statement that the document is LBA approved are accepted by the FAA and are considered as FAA approved. These approvals pertain to type design only.
