Supplemental Type Certificate

Number: ST00445SE

This certificate issued to: B/E Aerospace, Inc. - FSI
11404 Commando Road W, Suite C
Everett, WA 98204

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: A35EU
Mcnng: Airbus
Mqf gn A300B4-103, -203

Description of Type Design Change:

Conversion of passenger airplane to haul cargo on the main deck. The modification consists of the installation of a cargo door, cargo floor and certain systems. The modification is done in accordance with Flight Structures, Inc. Master Drawing List 94FS494-D01, Revision C, dated May 27, 1997 or later FAA approved revisions.

Limitations and Conditions:

Approval of the change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.

(See Continuation Sheets Pages 3 through 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 1/16/1995

Date reissued: 4/21/2016

Date of issuance: 6/9/1997

Date amended: 8/29/1997

By direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
