

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA415AL

This Certificate issued to STOL Aviation
c/o Tom Csatari
8 South Park Street
Lebanon, N.H. 03766

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 04 of the Civil Air Regulations.*

*Complete certification basis is specified in Aircraft Specification No. A-754, Revision 8.

Original Product Type Certificate Number: 754

Make: Interstate

Model: S-1B1

Description of Type Design Change: Application of Dacron fabric as the exterior covering material in accordance with Arctic Aircraft Company, Inc., Report No. 5A, original issue dated April 27, 1971, or later FAA approved revision.

Limitations and Conditions: Compatibility of this design change with previously approved modifications must be determined by the installer.

The holder of this Certificate will provide each person it permits to use the Certificate to alter one or more airplanes with written evidence of that permission in a form acceptable to the Administrator.

14 CFR Part 43 is adequate to insure continued airworthiness of this modification.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 28, 1970

Date reissued: May 10, 2000;
October 31, 2007

Date of issuance: February 01, 1971

Date amended: June 04, 1971
May 10, 2000

By direction of the Administrator
