Supplemental Type Certificate

Number SR09440RC

This certificate issued to: REB Technologies, Inc.
 1500 Brown Trail
 Bedford, TX 76022

P/N: N/A
 PE: APG
 OFFICE: ASW-170

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 29 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: H13EU Make: Airbus Helicopters Deutschland GmbH (AHD)
 Model: MBB-BK 117 A-1; A-3; A-4; B-1; B-2; C-1

Description of Type Design Change:

Installation of Night Vision Imaging System (NVIS)/Night Vision Goggles (NVG) Compatible Lighting System in accordance with REB Technologies, Inc., Master Drawing List (MDL) Document No. 98020117MDL, Rev. F, dated December 07, 2012, or later Federal Aviation Administration (FAA) approved revision.

(See continuation Sheet 3 of 3)

Limitations and Conditions:

Installation of NVIS/NVG Compatible Lighting System does not include or imply approval for flight operations with NVGs. The operator must receive a determination from their civil aviation authority if an approval to operate with NVGs is required. Any subsequent deviation to the cockpit/cabin configuration specified in the type design of this STC may affect the compatibility of

(See continuation Sheet 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 25, 2005
 Date of issuance: July 20, 2005

Date reissued: December 15, 2014
 Date amended:

By direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120)

Supplemental Type Certificate

(Continuation Sheet)

Number: SR09440RC

Date of Issuance: July 20, 2005

Reissuance Date: December 15, 2014

Description of Type Design Change (Continued):

REB Technologies, Inc., Rotorcraft Flight Manual Supplement (RFMS), Document No. 98020117-RFMS, Rev. E, dated November 04, 2014, or later FAA approved revision is required. REB Technologies, Inc., Instructions for Continued Airworthiness (ICA), Document No. 98020117-ICA, Rev. E, dated June 05, 2014, or later FAA accepted revision is required.

Limitations and Conditions (Continued):

the NVIS and will require a re-evaluation for NVIS cockpit and NVG compatibility. The aircraft is not certificated for NVG operations until the evaluation is completed. Once the aircraft is modified with this STC, any future modification to the aircraft may also affect the compatibility with NVG and may require a re-evaluation by the FAA Aircraft Certification Office. The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

-END-

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
