

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA2693CE

This certificate, issued to Rockwell Collins, Inc.
400 Collins Road NE, MS 164-100
Cedar Rapids, IA 52498

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product -- Type Certificate Number : A3WE
Make : Boeing
Model : 727, 727C, 727-100/100C/200/200F

Description of Type Design Change: Installation of Dual Collins Mode S Transponders in accordance with Collins Drawing Index 992-1924, no revision, or later FAA Approved revisions.

Limitations and Conditions: (1) This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane. (2) If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : November 14, 1990

Date reissued : December 19, 1997

Date of issuance : February 15, 1991

Date amended :

By direction of the Administrator
