Number **SR01426SE**

This certificate, issued to

**Croman Corporation
801 Ave C
White City, OR 97503**

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 29 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: R00004SE, H2EA, 1H15
Make: Croman, Sikorsky
Model: SH-3, S-61A, S-61L, S-61N, S-61NM

Description of the Type Design Change: Fabrication and installation of components for a left seat pilot-in-command operation in accordance with FAA-Approved McClenahan Engineering Master Drawing List No. DM0322-3, Revision C, dated September 8, 2010, or later FAA-approved revision.

Limitations and Conditions: This approval should not be extended to other rotorcraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that rotorcraft. A copy of this certificate must be maintained as part of the permanent records for the modified rotorcraft. These are direct replacement parts and the FAA has determined that no Instructions for Continued Airworthiness are required.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
