certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations. (See Type Certificate Data Sheet A16WE for complete certification basis)

Original Product—Type Certificate Number: A16WE
Make: Boeing
Model: 737-700

Description of the Type Design Change: Installation of a VHF-900B 8.33 KHz spacing compatible Receiver Transmitter and Gables Control Panel into existing Boeing provisions in accordance with Tramco Master Drawing List (MDL) 98-078, Revision New, dated June 21, 1998, or later Federal Aviation Administration (FAA) or Designated Alteration Station (DAS) approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously incorporated approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.

A copy of this certificate and Tramco MDL 98-078, Revision New, dated June 21, 1998, or later FAA/DAS-approved revision must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
