

Supplemental Type Certificate

Number SA2972WE

This certificate, issued to Braniff International*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.* (See T.C. Data Sheet A20WE)Original Product — Type Certificate Number: A20WE
Make: Boeing
Model: 747-127*Description of Type Design Change:* Modification of the Boeing 747-127 airplane lower deck aft cargo compartment restraint system to accommodate NAS 3610 Size A aircraft unit load devices in accordance with FAA sealed United Air Lines Drawing List COA 8-1661*Limitations and Conditions:* The approval of this change in type design applies basically to the Boeing 747-127 airplane only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*
