

United States of America  
Department of Transportation — Federal Aviation Administration  
**Supplemental Type Certificate**

*Number* SH543NW

*This certificate, issued to* Weyerhaeuser

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 6 of the Civil Air Regulations.*

*Original Product — Type Certificate Number:* H2SW  
*Make:* Bell  
*Model:* 206A and 206B

*Description of Type Design Change:* Installation of a Bell 205 type cyclic grip in accordance with Weyerhaeuser Sketch No. 206-002-77, Sheets 1 and 2.

*Limitations and Conditions:* Approval of this change in type design applies basically to the above model helicopter only. This approval should not be extended to other helicopters of this model on which other previously approved modifications are incorporated, including changes in type design, unless it is determined that the inter-relationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that helicopter. A copy of this Certificate, Sketch 206-002-77 and Helicopter Flight Manual Supplement shall be maintained as part of the permanent records for the modified helicopter. *This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

*Date of application:* October 27, 1977

*Date reissued:*

*Date of issuance:* December 9, 1977

*Date amended:* March 16, 1979

*By direction of the Administrator*  
*Charles C. Schroeder*
