

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number ST00713WI-D

This certificate, issued to

Rockwell Collins, Inc.
400 Collins Road NE, MS 164-100
Cedar Rapids, IA 52498

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product--Type Certificate Number: T00001SE

Make: The Boeing Company
Model: 777-200 Series, 777-300 Series

Description of Type Design Change: Activation of Collins VHF-900B VHF COMM R/T System Installation in accordance with Collins Drawing Index 992-4327-001, no revision, dated February 26, 1999, or later FAA approved revision.

Limitations and Conditions: (1) Installation of Boeing Service Bulletins 777-23-0042, 777-31-0014 (or a service bulletin that corresponds to a later AIMS blockpoint update) and the applicable OPC Service Bulletin as described on the General Arrangement/Modification Drawing are prerequisites to this STC. (2) Compatibility of this design change with previously approved modifications must be determined by the installer. (3) If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 1, 1998

Date reissued:

Date of issuance: May 26, 1999

Date amended:

By direction of the Administrator
