Supplemental Type Certificate

Number **SR01470SE**

This certificate, issued to:

**BLR Aerospace, LLC
3102 100th Street SW
Everett, WA 98204**

*certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part * of the * Regulations.*

Original Product—Type Certificate Number:

* See Attached Approved Model List SR01470SE

Make:

for a List of Approved Rotorcraft Models and

Model:

Applicable Airworthiness Regulations

Description of the Type Design Change: Fabrication of FastFin System in accordance with Master Drawing List Number 205-MDL-000, Revision C, dated January 28, 2005, or later Federal Aviation Administration (FAA) approved revision; and installation of the FastFin System in accordance with Installation Manual Number 205-IM-1001, Revision B, dated January 20, 2005, or later FAA-approved revisions.

Limitations and Conditions: Approval of this change in type design applies to the rotorcraft models specified on Approved Model List (AML) Number SR01470SE only, that are equipped with Dual Tailboom Strakes (STC SR00929SE) in conjunction with one of the vertical fin spar modifications specified on the AML. This approval should not be extended to other rotorcraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer, that the relationship between this change and any other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that rotorcraft. Rotorcraft modified by this STC must be operated in accordance with an FAA-approved copy of one of the Operator's Manual Supplements (OMS) listed on the AML, or later FAA-approved revisions.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 27, 2003

Date reissued:

Date of issuance: February 08, 2005

Date amended: June 30, 2006, November 23, 2009
