

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA69SO

This certificate issued to

Charles David Lasher
1276 Manor Drive South
Weston, FL 33326

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Federal Aviation Regulations.

Original Product--Type Certificate Number: A-796

Make: F.R.A. Enterprises (Aeronca)

Model: 11CC

Description of Type Design Change: Installation of Continental C85-12F Series engine less starter and generator per C.W. Lasher Report L-100, dated April 23, 1963.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 20, 1963

Date reissued: December 3, 1990; July 23, 2003;
September 5, 2007; September 21, 2012

Date of issuance: December 16, 1963

Date amended:

By direction of the Administrator
