

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SH406AL

This Certificate issued to Airglas, Inc.
3500 O'Malley Rd
Anchorage, AK 99507

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 10 of the Civil Air Regulations. (C.A.R. 6 effective January 15, 1951 including amendments 6-1 through 6-8, plus Special Conditions notified by the U.S. Government to the Government of France in F.A.A. letter, dated May 28, 1957)

Original Product Type Certificate Number: 7H1
Make: Sud Aviation
Model: SA 318C - Alouette Asyazou

Description of Type Design Change: Installation of Airglas Engineering L2700 SA 318 skis per Airglas Engineering Company, Inc. drawings L2700 SA 318 and L2700-SA 318-2, -3, and -4, dated January 20, 1971.

Limitations and Conditions: The approval of this change in type design applies basically to Sud Aviation SA 318C only. This should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect on the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration

Date of application: October 12, 1970

Date reissued: February 2, 1971; August 14, 2012

Date of issuance: October 12, 1970

Date amended:

By direction of the Administrator
