Description of Type Design Change:

Use of Portable Electronic Devices (PEDs) to Control Installed Aircraft Systems in accordance with Jet Aviation St. Louis, Inc. FAA Approved Model List No. ST03161CH-D, dated November 12, 2013 or later FAA approved revision. This includes the FAA approved AFMS document defined per the associated configuration's Master Data List, as applicable.

Limitations and Conditions:

1. Compatibility of this design change with previously approved modifications must be determined by the installer.
2. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.
3. The Wireless Fidelity ("Wi-Fi") and Cabin Management systems on which the PED(s) will function requires FAA Approval by means other than this STC.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 19, 2012

Date reissued: January 15, 2014

Date of issuance: October 12, 2012

Date amended: November 14, 2013
