Number ST00005LB-D

This Certificate issued to United Air Lines, Inc.
600 Jefferson Street
Houston, Texas 77002

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations. Ref. Type Certificate Data Sheet T00001SE for Special Conditions

Original Product Type Certificate Number: T00001SE

Make: Boeing

Model: 777-200 Series

Description of Type Design Change: Install curtains around three passenger seats directly forward of door 3 right hand side. Also, install placards for the curtains. The curtains consist of a forward transverse curtain, the longitudinal curtain and the aft transverse curtain. The curtains are attached to PSU panel, sidewalls and curtain tracks. This modification was accomplished in accordance with United Air Lines, DAS-1-WE, Approved Master Drawing List No. 00005 dated May 19, 1995, or later FAA approved revisions.

Limitations and Conditions: This approval does not extend to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse affect upon the airworthiness of that aircraft. This determination should include consideration of significant change in weight distribution such as an increase in the fixed disposable weight in the fuselage. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
