

Supplemental Type Certificate

Number SA1335NM

This Certificate issued to United Air Lines, Inc.
600 Jefferson Street
Houston, Texas 77002

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations. *Certification basis is set forth on Type Certificate Data Sheet A3WE.*

Original Product Type Certificate Number: A3WE

Make: Boeing

Model: 727-222A

Description of Type Design Change: Installation of an engine power trim system in accordance with FAA Approved United Air Lines Report F-1953 Revision A, dated March 22, 1982, or later FAA approved revisions.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this STC must be included in the permanent records of the modified aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission. Refer to continuation sheet on page 3.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 17, 1981

Date reissued: November 30, 2011

Date of issuance: April 16, 1982

Date amended: September 30, 1982, July 21, 1983
March 7, 1983

By direction of the Administrator

(City, State, and ZIP Code)

from *(Name of grantor) (Print or type)* _____

(Address of grantor) _____
(Number and street)

(City, State, and ZIP Code)

Extent of Authority (if licensing agreement): _____

Date of Transfer: _____

Signature of grantor *(In ink)*: _____

★U.S. GPO 1987-763-28

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both.

Supplemental Type Certificate

(Continuation Sheet)

Number SA1335NM

Limitations and Conditions: (Continued)

The following limitations and conditions apply:

- 1) The engine power trim system is not to be engaged during takeoff, descent, final approach or go-around. EPR values displayed while in either the Maximum Continuous or Takeoff mode are advisory only and are not to be used in lieu of AFM charted values.
- 2) The engine power trim system is approved for use with Pratt & Whitney model JT8D-15 engines only, unless FAA approval is indicated for other engine models.
- 3) The safe life limit of the P/N 2022790-1 and -2 engine power trim system gear box is limited to 25,000 hours. Extension of this limit may be accomplished by FAA approved data only.

Amendment Listing

April 16, 1981	(I) Issued
September 30, 1982	(A) Added Revision A to Report F-1953 dated June 15, 1982.
July 21, 1983	(A) Revised EPTS Gearbox safe life limit from 3,000 hrs. to 25,000 hrs.
March 7, 1983	(A) Added approval of P/N 2022790-2 engine power trim system gearbox.
