

Supplemental Type Certificate

Number SA5994NM-D

This Certificate issued to United Air Lines, Inc.
600 Jefferson Street
Houston, Texas 77002

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation

Original Product Type Certificate Number : A1NM

Make : Boeing

Model : 767-222 (JT9D-7R Engine)

Description of Type Design Change: Install fireproof blankets on the engine fan-reverser intermediate seal core area replacing the fireproof insulating coating (MA255) in accordance with United Air Lines, DAS-1-WE, Approved Drawing List No. 5994 dated August 30, 1994, or later FAA approved revisions.

Limitations and Conditions: This is an aircraft Supplemental Type Certificate because the requirement is a part 25 requirement (§ 25.1191). However, the fire blanket is fitted on the engine thrust reverser, which is part of the engine type certificate. This approval should not be extended to other specific engines of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that engine installation. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 30, 1994

Date reissued: November 30, 2011

Date of issuance: August 31, 1994

Date amended:

By direction of the Administrator
