Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA00871WI

This certificate issued to Barron Aviation
30530 Hwy. Y
Perry, MO 63462

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product - Type Certificate Number : A-790
Make : Cessna
Model : 190, 195, and LC-126

Description of Type Design Change:
Produce replacement left and right inboard aileron hinge brackets for Cessna Model 190/195/LC-126 per drawings and data called out on Barron Aviation, LLC Top Drawing List, Report No. 1, Revision None, stamped "FAA Approved" with a date of April 6, 2000.

Limitations and Conditions:
This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated. Unless, it is determined that the interrelationship between this change and any of these other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : January 21, 2000

Date reissued :

Date of issuance : May 25, 2000

Date amended :

By direction of the Administrator
