

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SE00533SE

This certificate issued to Real Gaskets Tennessee
2506 Stateline Road
Elizabethton, TN 37643

*certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part * of the * Regulations.*

*Original Product - - Type Certificate
Number :*

*See attached FAA Approved Model List (AML)
No. SE00533SE for a list of approved engine models

Make : and applicable airworthiness regulations.

Model :

Description of Type Design Change: Installation of Real Gasket Corporation Continental Engine Pushrod Tube Modification in accordance with Real Gasket Corporation Drawing Lists and Installation Instructions per the attached Approved Model List (AML). Inspection of the pushrod tube modification in accordance with Real Gasket Corporation Drawing No. 9807, Page 4, Revision dated July 2, 1998.

Limitations and Conditions: Approval of this change in type design applies to the engine models listed on the AML only. This approval should not be extended to other engines of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that engine. A copy of this Certificate and FAA AML No. SE00533SE must be maintained as part of the permanent records for the modified engine.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : March 28, 1995

Date reissued : 7/13/2001; 11/15/2011

Date of issuance : July 6, 1998

Date amended :

By direction of the Administrator
