

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA171NW

This certificate, issued to FRANK ABADI

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product — Type Certificate Number: G2WE

Make: Laister

Model: LP-49

Description of Type Design Change: Installation of adjustable rudder pedals.

Limitations and Conditions: The approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 31, 1975

Date reissued:

Date of issuance: April 4, 1975

Date amended:

By direction of the Administrator
Charles C. Schroeder
