

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA00660AT-D

This certificate issued to

Raytheon Aircraft Services, Inc.
3992 Aviation Circle
Atlanta, Georgia 30336

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part CAR 3 of the Civil Aviation Regulations.

Original Product--Type Certificate Number: 3A20
Make: Raytheon
Model: 65-90 & E90 Series

Description of Type Design Change: Installation of an Aircraft Security System in accordance with United Beechcraft, Master Drawing List No. UBIT9, Initial Revision, dated 7/18/94.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. FAA Approved Airplane Flight Manual Supplement, dated November 17, 1995, is a required part of this STC. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 19, 1995

Date reissued: November 17, 1995, October 20, 2005

Date of issuance: November 17, 1995

Date amended:

By direction of the Administrator
