Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number ST00007MC

This certificate issued to:

Greenpoint Technologies, Inc.
4600 Carillon Point
Kirkland, WA 98033-7355

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product--Type Certificate Number: A16WE
Make: Boeing
Model: 737-700 Series

Description of Type Design Change:

The Flight Deck Avionics Modification includes antenna installations (TACAN, INMARSAT, UHF/VHF), E90005 rack and IFF APX-119 installations on Boeing Model 737-700 series airplanes in accordance with Greenpoint Technologies, Master Drawing List (MDL) No.: G7300-DL-01, Revision E, dated January 29, 2007, or later Federal Aviation Administration (FAA) approved revision.

Limitations and Conditions:

1. Approval of this change in type design applies to the above model aircraft only.
2. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft.
3. A copy of this certificate and Greenpoint Technologies Master Drawing List Master (MDL) No.: G7300-DL-01, Rev. E, dated January 29, 2007 or later FAA approved revision must be maintained as part of the permanent records for the modified aircraft.
4. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

(See continuation sheet 3 of 3 for additional limitations.)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 15, 2005

Date reissued: February 26, 2007

Date of issuance: February 21, 2007

Date amended:

By direction of the Administrator

Supplemental Type Certificate
(Continuation Sheet)

Number ST00007MC

Issued to: Greenpoint Technologies, Inc.

Date of Issuance: February 21, 2007, reissued February 26, 2007

Date Amended:

Note: This continuation sheet is applicable to the STC as issued on February 26, 2007.

Limitations and Conditions (Continued):

5. This STC approval is for the existing configuration as defined by the approved Master Drawing List, and as appropriate, later FAA approved minor changes which have been reviewed and approved by the FAA.
6. Significant portions of the type design and compliance data submitted for issuance of this STC is based upon data previously approved by the FAA for similar Supplemental Type Certificate ST01087WI-D issued by Boeing Designated Alteration Station DAS501296-CE. Greenpoint Technologies, Inc. has obtained and holds this data with permission of the Boeing Company under licensing agreement.
