

Supplemental Type Certificate

Number SA01962LA

This Certificate issued to Aircraft Technical Development Inc. dba,
Aerocon Engineering Company
16719 Roscoe Blvd
North Hills CA, 91343

Certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations. *Certification basis is set forth in Type Certificate Data Sheet A2PC*

Original Product Type Certificate Number: A2PC

Make: Mitsubishi

Model: MU-2B

Description of Type Design Change: Installation of Cabin Interior Noise Reduction Kit in accordance with Aerocon Engineering Company's Master Drawing List, Report Number AC25-NRMU2-1000, Revision NC, dated December 28, 2006, or later FAA approved revision.

Limitations and Conditions: The installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. The approval of this modification applies to the above noted airplane model series only. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 4, 2006

Date reissued:

Date of issuance: February 27, 2007

Date amended:

By direction of the Administrator
