Supplemental Type Certificate

Number: SA00796AT

This certificate issued to: TruAtlantic Mfg., LLC
1125 Spectra Court
Kernersville, NC 27284

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product – Type Certificate Number:
A4CE, AI6CE, and /3A21

Make: Cessna Aircraft Company
Model: 206 Series, 207 Series, 210 Series

Description of Type Design Change:

Installation of a dual-isolator forward engine mount system in accordance with Aero Modifications & Consulting, Inc. "21 094021 Installation Instructions" Rev. C dated June 23, 1995, and "21094050 Master Drawing List" Rev. C dated June 23, 1995, or later FAA approved revision of either document.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

(* See Continuation Sheet 2)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: January 19, 1995

Date Reissued: October 22, 2007, June 12, 2014, January 11, 2016

Date of Issuance: June 29, 1998

Date Amended:

By Direction of the Administrator

Title Manager, Atlanta Aircraft Certification Office

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
