Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA01408AT

This certificate issued to National AirParts, Inc.
1335 Saratoga Street
DeLand, FL 32724

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product -- Type Certificate Number : 3A10
Make : Cessna
Model : 310; 320

Description of Type Design Change: Installation of National AirParts Model N300 alternators as replacement for belt-driven generators in accordance with National AirParts Inc., Document Number NAPI310, "Cessna 310/320 Alternator Conversion", Initial Revision, dated 9/30/96 or later FAA Approved Revisions.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any previously approved modifications will produce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : September 25, 1996

Date reissued : June 24, 2011

Date of issuance : July 01, 1997

Date amended : January 09, 2007

By direction of the Administrator
