

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number ST10546SC

This Certificate issued to Associated Air Center, LP
8321 Lemmon Ave.
Dallas, TX 75209

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product Type Certificate Number : A28NM

Make : Airbus

Model : A319-115

Description of Type Design Change: Installation of an Executive Interior in accordance with Associated Air Center (AAC) "Master Document List" Document Number 2350000000, Revision A, dated June 8, 2006, or later FAA approved revision is required. Airplane Flight Manual Supplement (AFMS), Document Number 2350021090, Revision IR, dated June 9, 2006, or later FAA approved revision is required.

Limitations and Conditions: The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter the product, the holder must give the other person written evidence of that permission.

(See continuation sheet 3 of 3)

Certification Basis: The same as that identified on Type Certificate Data Sheet (TCDS) A28NM except for the election of later amendments as listed: 14CFR 25.812(e) Amdt. 25-58, 25.853(c) Amdt. 25-86, 25.856(a) Amdt. 25-111, 25.869(a) Amdt. 25-113, 25.981(a)(3) and (b) Amdt. 25-102. This STC incorporates the use of Exemption Number 7489.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the

Limitations and Conditions (Continued):

The items identified in the AAC Document "Commercial Off The Shelf (COTS) Nonessential Equipment Summary" Document Number 2350250197, Revision IR dated June 8, 2006, are considered inadequate for duplication on other products. Approval of Document Number 2350250197 is limited only to the installations made in Airbus A319-115, Serial Number 2592.

This aircraft is not to be operated for hire or offered for common carriage when configured in a 23 passenger configuration as identified on the Master Document List 2350000000, "-1 Configuration – 23 Passenger". Airworthiness limitation inspections, per 14 CFR Part 25, Appendix H, are contained in Chapter 3 of AAC Document Number 2350050090, Revision IR, dated April 21, 2006, titled "Instructions for Continued Airworthiness".

Items identified in the AAC Document entitled "FAR Non-Compliance Report", Document Number 2311000092, Revision B, dated June 2, 2006, have been approved by the country of registry and are not approved as part of this FAA STC. These items must be brought into compliance prior to placing the aircraft in United States of America Registry.
