

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number ST02369LA

This Certificate issued to BAE Systems
5555 John Givens Road
Crestview, Florida 32539

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.*

Original Product Type Certificate Number : A1SO

Make Lockheed

Model L-382G Series

Description of Type Design Change: Installation of provisions for Mission System Equipment (MSE), in accordance with FAA approved BAE Master Data List, 0139A1003, Revision A, dated August 26, 2011, or later FAA approved revisions.

Limitations and Conditions: The Installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. The approval of this modification applies to the above noted airplane model series only. A copy of this STC must be included in the permanent record of the modified aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

* Certification Basis:

Certification basis is set forth in the Type Certificate Data Sheet A1SO including:
14CFR 26.11 (this modification does not effect Electrical Wiring Interconnection Systems).
14CFR 26.47

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : November 15, 2010

Date reissued :

Date of issuance : August 31, 2011

Date amended :

By direction of the Administrator
