

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA2069CE-D ✓

This certificate issued to Honeywell International Inc.
23500 W. 105th Street
Olathe, KS 66061

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product - Type Certificate Number: 1A13
Make: Consolidated Aeronautics
Model: Lake Model 250

Description of Type Design Change:

Install KAP 150 three axis or KFC 150 three axis Flight Control System with optional KAS 297B Vertical Speed and Altitude Selector.
(See Continuation Sheet for Required Data)

Limitations and Conditions:

This approval only applies to Lake Model 250 Serial Number 36 and after. This approval included an evaluation of these installations in addition to alterations approved by Supplemental Type Certificate Numbers SA264NE and SA469NE. This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 3-25-87

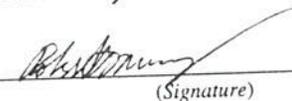

Date reissued: 2-28-95; 2-28-00

Date of issuance: 10-5-87

Date amended: 4-11-88

By direction of the Administrator
