

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SE910SO

This certificate issued to D'Shannon Products, Ltd.
1309 County Road 134
Buffalo, MN 55313

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 13 of the Civil Air Regulations, as amended by Amendments 13-1 through 13-4.

Original Product -- Type Certificate 1E12
Number :

Make : Avco-Lycoming
Model : IO-320-B1A

Description of Type Design Change:

Installation of fuel line filters into the individual fuel injector lines in accordance with Beryl D'Shannon Aviation Specialties, Inc. Installations Instructions BI 2505, approved September 17, 1976, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other engines of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that engine.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : March 19, 1976

Date reissued : April 13, 2011; July 14, 2011

Date of issuance : September 17, 1976

Date amended :

By direction of the Administrator
