Supplemental Type Certificate

Number: SE2901NM

This certificate issued to: Real Gaskets Tennessee
2506 Stateline Road
Elizabethton, TN 37643

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 13 of the Civil Air Regulations.

Original Product – Type Certificate Number: (see page 3) Make: Lycoming
Model: (see page 3)

Description of Type Design Change:

Lycoming valve cover gasket, part number (P/N) 75906 for the engine models listed on page 3 of this Supplemental Type Certificate (STC) is replaced by the gasket P/N RG-75906-SP, manufactured in accordance with drawing No. 01, dated February 14, 1985, or later FAA approved revision. Installation is accomplished in accordance with Real Gaskets Tennessee document No. RG-75906-SP, Revision: IV, dated 5/30/2014, or later FAA approved revision.

Limitations and Conditions:

Approval of this change in type design applies to the engine models listed on Page 3 of this STC only. The installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the engine.

(Limitations and Conditions continued on page 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: September 19, 1984

Date Reissued: 7/31/1985; 7/13/2001; 11/15/2011; 11/20/2014

Date of Issuance: March 4, 1985

Date Amended: 7/31/1985; 7/13/2001

By Direction of the Administrator

Title

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
