

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SE01110AT

This certificate issued to Jet Avion Corporation
3000 Taft Street
Hollywood, FL 33021

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 13 of the Civil Air Regulations.

Original Product--Type Certificate Number : 1E8

Make : P&W

Model : JT3D

Description of Type Design Change: Remove and replace JT3D(All Models) main accessory gearbox housing split line gasket with PTM International gasket per PTM International drawing number PT100002, Revision C dated May 03, 1996 or later FAA approved revision.

Limitations and Conditions: This approval should not be extended to other engines of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the Airworthiness of that engine. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : December 01, 1995

Date reissued : November 16, 1998; September 08, 2006

Date of issuance : August 09, 1996

Date amended :

By direction of the Administrator
