

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SG4-1240

This certificate, issued to Ceconite, Inc.

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the * Regulations.*

Original Product — Type Certificate Number: *
Make: *
Model: *

*See attached Master Eligibility Application List No. 1240 for list of approved airplane models and applicable airworthiness regulations.

Description of Type Design Change: Installation of Eonnex cover on aircraft surfaces in accordance with sealed Eonnex Manual 200 dated May 29, 1960, revised May 7, 1976 or later FAA Western Region approved revision.

Limitations and Conditions: The approval of this change in type design applies basically to those aircraft models listed on the attached sealed FAA Approved Master Eligibility Application List No. 1240. This approval should not be extended to other specific airplanes of those models on which previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effects upon the airworthiness of those airplanes.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 19, 1960

Date issued: December 1, 1964; 9/1/77; 8/19/80

Date of issuance: August 19, 1960

Date amended: July 1, 1963; June 30, 1976

By direction of the Administrator

G.R. Johnson
