Supplemental Type Certificate

Number SA02154LA

This Certificate issued to Aeroplane Factory
885 Taildragger Road
Gardnerville, Nevada 89410

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4a of the Civil Air Regulations. *Certification basis is set forth in Type Certificate Data Sheet A-766*

Original Product Type Certificate Number: A-766

Make: Globe

Model: GC-1B

Description of Type Design Change: Installation of wing leading edge stall strips in accordance with the Aeroplane Factory Master Drawing List, No. 507-001, Revision A, dated April 23, 2008, or later FAA approved revision. Operate in accordance with Supplemental Airplane Flight Manual for the Aeroplane Factory Machined Stall Strips installed on the Globe Swift, No. 507-002, Revision IR, dated May 16, 2008 or later FAA approved revisions.

Limitations and Conditions: This installation requires that the wing leading edge slots remain operational. The installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. The approval of this modification applies to the above noted aircraft models only. A copy of this STC must be included in the permanent records of the modified aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 13, 2007

Date reissued:

Date of issuance: July 8, 2008

Date amended:

By direction of the Administrator
