aircraft models and applicable airworthiness regulations

Description of the Type Design Change: The manufacture of Alaskan Bushwheel tail wheel and fork assembly per Alaskan Bushwheel Documents listed on AML SA01636SE.

Limitations and Conditions: Approval of this change type design applies to the above model aircraft only. This approval should not be extended to other aircraft on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate, AML, and the FAA Form 337 must be kept as part of permanent records for the modified aircraft. This is a direct replacement part, and the FAA has determined that no instructions for continued airworthiness are required.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
