

Supplemental Type Certificate

Number SA00089WI

RE-ISSUED ON SEPTEMBER 22, 2003 TO SUPERSEDE THE ORIGINAL TC WHICH HAS BEEN LOST OR MISPLACED.

This certificate issued to: Mid West School of Aeronautics
12567 Amersham Court
St. Louis, Missouri 63141

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product - Type Certificate Number : 3A16
Make: Beech
Model: 95, B95

Description of Type Design Change:

Installation of control cable operated cowl flaps in place of electric controls. Data required: Mid West School of Aeronautics Modification Order Number 71-10-00, dated March 13, 1993, revised July 7, 1993, pages 4 thru 9, page 10 drawing list and applicable drawings or later "FAA Approved" revisions.

Limitations and Conditions:

This approval should not be extended to other specific airplanes of these models on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : July 2, 1991

Date reissued : September 22, 2003

Date of issuance : August 25, 1993

Date amended :

By direction of the Administrator
