(Continuation Sheet)

Number SA2-1007

Limitations and Conditions Continued:

Engines are limited to 125 hp. for all operations.

When optional cowling is installed, the placards contained on Corben Development Corp. Drawing No. CFE-5-4 are required to be installed on the instrument panel in full view of the pilot.

The approval of this change in type design applies to the basic aircraft of the specified models that are otherwise unmodified. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.
